

## Model MWC24 Convection Microwave Oven

The Wolf convection microwave oven with optional trim can be used in combination with a Wolf built-in oven and/or warming drawer to finish off your cooking tower with an integrated look. You can choose from two different trim styles to match our L Series and E Series ovens. Whether you use it freestanding or in a combination installation, Model MWC24 offers you the convection performance you would expect from Wolf.

Model MWC24 shown with 36" L Series trim in classic stainless steel finish installed above Model SO36U/S 36" built-in oven.

### Features

- Built-in or freestanding convection microwave oven with 1.5 cu ft capacity and 900 watts of power.
- Classic, platinum or carbon stainless steel finishes for L Series trim kits—classic stainless steel finish for E Series trim kits.
- Sensor cooking.
- Slow cook mode for up to four hours.
- Easy-to-operate control panel and programmable power options.
- Interactive display—99 minutes, 99 seconds.
- Menu label and food guide.
- Multi-language—English, French and Spanish.
- Removable turntable and turntable support.
- Microwave tray for popcorn and meat.
- Multiple-rack baking.
- Safety door latches—oven will not operate unless the door is closed.
- Oven light comes on when oven is operating or door is open.
- Tight door seals with one-touch door open pad.
