

## Pro Wall Chimney Hoods

With standard features like heat sentry and dual setting halogen lighting, Wolf Pro wall chimney hoods provide the ultimate in ventilation. Pro wall chimney hoods are available in four widths and all have the classic stainless steel finish. The Pro wall chimney hood installed with an optional 6", 12", 18" or 24" classic stainless steel duct cover completes the chimney design. With the Pro wall chimney hood you also have the option of a decorative rail.

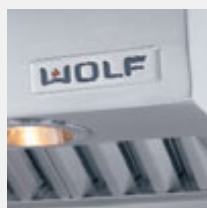

Model PWC362418 shown.

### Features

- Classic stainless steel finish
- Optional classic stainless steel duct cover, available as a sales accessory, completes the chimney design
- Rail (R) models feature a classic stainless steel decorative rail
- Heavy-duty, 16-gauge brushed stainless steel with continually welded seams, hemmed edges and sides
- Stainless steel enclosed liner
- Recessed easy-access controls
- Infinite-speed blower control
- Heat sentry feature automatically turns unit on when heat is sensed and automatically adjusts blower speed
- Halogen lighting with two settings
- Removable, dishwasher-safe, restaurant-grade stainless steel baffle filters
- Transition with backdraft damper included

### Installation Specifications

NOTE: Pro wall chimney hoods have a vertical discharge.

### Installation Notes

Pro wall chimney hoods are sold as a shell only. An internal, in-line or remote blower is required. For blower recommendations, visit our website, [wolfappliance.com](http://wolfappliance.com).

**IMPORTANT NOTE:** Pro wall chimney ventilation hoods are recommended for use with all Wolf cooking appliances. For optimal performance, a Pro 27" deep wall hood is recommended for use with ranges and rangetops that contain a charbroiler or griddle.

Dimensions in parentheses are in millimeters unless otherwise specified.
