

**Model WWD30
Warming Drawer**

The superior air control of the Wolf warming drawer helps keep moist foods moist and crisp foods crisp. Model WWD30 can be used in combination with a Wolf built-in oven and/or microwave. Stainless steel drawer fronts match the look of our L Series and E Series ovens and the integrated drawer front allows for a custom wood panel. Electronic controls are hidden so the unit integrates with surrounding cabinetry.

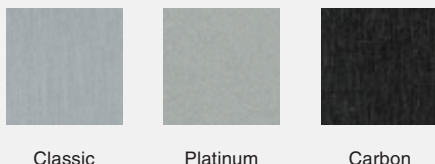

Model WWD30 shown with L Series classic stainless steel drawer front.

Features

- L Series stainless steel drawer front with handle available in classic, platinum and carbon finishes
- E Series stainless steel drawer front with handle available in classic finish
- Integrated drawer front allows for custom wood panel application

Installation Specifications

Installation with L Series drawer front

PLATFORM APPLICATION

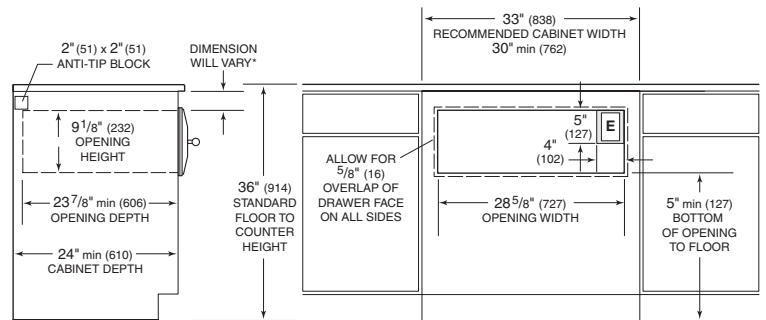

ANTI-TIP BLOCK APPLICATION

NOTE: Refer to the 30" (762) L Series built-in oven specifications for electrical location.

Installation Notes

Installation with L Series drawer front shown—specifications for E Series and integrated drawer fronts will vary.

Model WWD30 is sold as a base unit only. It must be installed with an accessory drawer front. Specifications will vary with each drawer front. Refer to installation instructions provided with the drawer front. Complete installation specifications can be found on our website, wolfappliance.com.

*Allow enough room for placement of anti-tip block and drawer face overlap.

Dimensions in parentheses are in millimeters unless otherwise specified.
